The Code

The moment a customer reports anything, tap the matching button. The Code timescale starts automatically — a 30-day fix for snags, the 5/10/30/56-day complaints timetable, urgent flagging for emergencies. Under these sits "Paste a report from the buyer's app" for reports that arrive by email.

At reservation why? 2/2

✓ Reservation Agreement signed, copy given to customer

Signed by both of you, and they keep a copy. It must include the fee, the 14-day cooling-off period, cancellation and refund terms, warranty provider details, and the exchange-by date (at least 6 weeks after reservation).

✓ 2 Aug 2026 Attach file Add note

✓ Affordability Schedule provided

The likely costs over the 5 years after the sale — ground rent, management and event fees, service charges (including rises and sinking funds), maintenance of built-in equipment, and upkeep of the property.

Pre-Plots

Guide

The Code

Grouped by stage — reservation, pre-contract, completion & handover — and it only ever asks for what is due at the stage you have reached. Tick items off as you hand them over, attaching files as you go.

Give the buyer their own app

The screenshot shows a mobile app interface for a home purchase journey. At the top, there's a header with a back arrow, the text '< Plots', and two icons: a question mark and a gear. Below the header, the text 'Mr Ali & Ms Chen · Completed' is displayed. A red banner with the text 'NEXT Deal with the emergency (E-001)' is visible. The main content area is divided into two columns. The left column contains 'Reserved 18 May 2026', 'Exchanged —', and 'Completion 1 Aug 2026'. The right column contains 'Exchange due —', 'Notice to complete —', and 'Customer email ali.chen@example.co m'. Below this, there are two buttons: 'Edit details & dates' and '→ Share with buyer'. The 'Share with buyer' button is highlighted with a red circle. Below the buttons, there's a 'JOURNEY COMPLETED' section with a progress bar showing four stages: 'Reserved' (checked), 'Exchanged' (unchecked), 'Notice' (unchecked), and 'Completed' (checked). Below the progress bar, there are three cards: 'Snag' (fix in 30 days), 'Complaint' (5-10-30-56d), and 'Emergency' (urgent). At the bottom, there's a button 'Paste a report from the buyer's app'. The footer contains three icons: a house (Plots), a question mark (Guide), and an open book (The Code).

Creates a private link — the plot's details travel inside the link itself, never through a server. The buyer sees their journey, their Code rights, documents received, and can report problems through a guided form that reaches you by email.

The Code
Version 2 (March 2026)

Ask the Code... e.g. how long to fix a snag

COMMON QUESTIONS

How long do I have to fix a snag?

As soon as possible, and within 30 days unless there is a significant reason for delay. If delayed, update the customer at least monthly.

Code 3.3 →

What are the complaint deadlines?

Acknowledge within 5 days, Path to Resolution by day 10, Assessment & Response by day 30, Eight-Week letter by day 56 — all from the complaint start date (first business day after receipt).

Code 3.4 →

What must I hand over at completion?

Schedule of Incomplete Work, pre-completion inspection offer, home demonstration, warranty documents, complaints procedure copy, health & safety file, and building regulation completion certificate (or note why not yet available).

Code 2.11 →
